Re: Formal Surety Release of Large Mining Operation, Big Cottonwood Mine, M/035/003, Salt Lake County, Utah

Dear Mr. North:

On July 3, 1996, Division staff in the presence of Mr. Walt Plumb, landowner, inspected the Big Cottonwood Mine site, located in Section 23, T2S, R1E, Salt Lake County. The intent of this inspection was to determine if the revegetation performance standards had been achieved following final reclamation of the mine site (copy of inspection memo enclosed). The Division determined that the revegetation criteria had been met which would allow Interstate Brick Company to be eligible for a formal release from their reclamation surety agreement.
